

**REMARKS**

The foregoing Amendment and remarks which follow are responsive to the Final Office Action mailed April 15, 2010 in relation to the above-identified patent application. In that Office Action, the Examiner objected to the Specification due a minor informality in the Abstract. Importantly, the Examiner also indicated that pending Claims 1-7 and 9-14 are allowed over the prior art of record.

By this Amendment, Applicant has amended the Abstract of the subject patent application to correct the informality identified by the Examiner. Accordingly, Applicant respectfully submits that the Examiner's objection to the specification has been overcome.

On the basis of the foregoing, Applicant respectfully submits that the present application is now in condition for allowance. Additionally, Applicant respectfully submits that the present Amendment does not raise new issues which would require further searching on the part of the Examiner, and therefore respectfully requests that the same be considered and entered by the Examiner. An early Notice of Allowance is therefore respectfully requested.

If any additional fee is required, please charge Deposit Account Number 19-4330.

Respectfully submitted,
